ELITE AUCTIONS

Welcome to the 2022 Bolesworth Elite Foal Auction

2022

marks another exciting year in the progression of the Bolesworth Elite Auctions, with an incredible line-up of Black Type foals. We are delighted to present a very special collection to you – our best yet – featuring many damlines that money just can't buy. With direct dams including Top 5* 1.60m mares Funky Music (Ann Carton-Grootjans), Beat Me (Ben Dunning), Wild Rose (Michael Whitaker), Remi Cavalleri (Emily Ward), and

Franka Tricha (McLain Ward) together with a wealth of dams already producing superstars, or siblings to some of the most famous performers in the World – we have a lot to be proud of.

It gives us great pleasure to see so many young horses now on the circuit originating from our first few years of auctions, and we wish you all the very best of luck in choosing your future star.

Embryo Transfer Vs Real Mares

What is embryo transfer (ET)?

The process involves breeding a donor mare to a stallion and then transferring the resulting embryo into a recipient mare. The main advantage of ET is that it enables the production of foals from superior sports horse mares while allowing them to carry on with their competitive careers.

Real vs Recipient Mares

Bolesworth Elite Foal Auction facilitates the sale of lots on both recipient and real mares. This means

that mares shown in lot collateral (images and videos) are often not the natural mother of the foal.

When can I take my foal home?

In most cases it is required for the buyer of the foal to arrange transport and take the mare and foal home immediately following the auction, and the buyer will take responsibility of the mare and foal.

Bolesworth Elite Auctions requires that the buyer signs up to our terms for taking responsibility of the mare until the foal is weaned. There are a few cases where the owner of the mare will take them home and the foal will then be transported to the buyer when the foal has been weaned. In this case the mare and foal remain the responsibility of the vendor until the foal is delivered post weaning.

Conthargos is a prolific sire, in fact one of the most popular in Europe at this time, with a list of progenies that decorates the winners lists at the very top of the sport, including Ben Maher's Nation's Cup winning ride and 1.65 performer, Concona,

Conchento PS (Luciana Diniz), and Cosa Nostra who jumped the Tokyo Olympics with Alberto Michan! With an incredible strike rate for producing offspring at this level and many more following close behind, it's easy to see why this stallion has become one of show jumping's most notable. Stunning filly out of incredible dam who has already produced a top 1.60 horse

This filly is a serious headturner, which is no coincidence given her depth of heritage.

The mother of this striking filly is the Athletico mare Vitesse who herself is half sister to "Want to do" the 1,50 horse of Norway's Lina Ekornerud and a full sister to the 1,60 horse "Optical" and another 1,60 horse in "Perpetua" both of these Grand Prix horses competed at the highest level in Europe and America on the WEF circuit.

What makes Vitesse a real head turner is that she is already a proven

broodmare in the fact that she has already bred a 1,60 horse in "Bijoux" by Cartani furthermore the mare bijoux has produced an upcoming talent of Daniel Deusser's 8yr old Loui LN by Kannan we saw this Stephex future star impress with high placings in the youngsters tour in Aachen last month.

Her sire Balou de Reventon needs no introduction as a prolific Cornet Obolensky son combined with Paul Schockemohle's great Continue mare who is also the dam of Balou de Rouet and Chactinue VDL. He is one of the

highest earning horses of the circuit! Under Darragh Kenny, he was part of the Irish team that won the 2019 FEI Nations Cup Final in Barcelona to qualify for the Tokyo Olympics and the pair finished runners-up in the Super Grand Prix in Prague, as well as winning two five-star Grands Prix in Chantilly and Knokke.

In total, Darragh Kenny and Balou du Reventon earned 780.000 euro in 2018 and 890.000 euro in 2019.

In addition to his brilliant sports career, Balou du Reventon also excels

Mike Wazowski can be seen at 1m60 level under the saddle of Nicolas Pizarro, while the 1m50 jumping Crack Balou shines under the saddle of Emanuele Gaudiano. LOT #12 Forever March

For Pleasure Colt From Outstanding Olympic Damline

Olympic genes run through the veins of this exceptional colt. His sire For Pleasure was a double Olympic Gold Medalist and voted Stallion of the Century after a long and successful career at the very highest level. His production is also proven with nearly

100 horses competing at 1.60m level such as Flora De Mariposa who won Olympic Gold with the French Team in Rio.

This colt's dam, Quarmen De Toscane, combines the blood of Quidam De Revel and Laudanum, and is a full sister to another

member of that Gold medal winning French team in Rahotep De Toscane. A daughter of the famous broodmare Fanny Du Murier, she is also the full sister of Jadis De Toscane (1.60m) and Karla De Toscane (1.50m and French Champion 7yo) and closely related

to numerous other 1.60m jumpers. A rare exceptional colt combining some of the most sought-after bloodlines in the World destined for success at the highest level.

LOT #14

Uptons Funky Echo WY

Son of prolific Funky Music, CSI 1.60m and dam of CSI 1.60m performers El Torreo de Muze & Bretling du Paradis Z.

The father of this striking colt Echo van't Spievelde combines his heartbreaker blood perfectly with the Vigo D'arsouilles daughter 'Funky Music' to create a foal with technique, quality, balance and scope. Echo van't spievelde proved himself at 1.60 level under the top Belgium rider Niels Bruynseels.

But also, as a breeder Echo has proved time and time again the qualities that he can pass on. Most notably Kent Farrington's 'Kaprice' again a winner at the 1.60 level. Upton's Funky Echo WY has the looks but also the black type to go with it. His mother Funky Music was a winner at 1.60 level, and a proven

producer of 1.60m horses herself. She is the mother of Stal de Muze's top breeding stallion El Torero de Muze who has been hugely successful at Nations Cup level and 5* Grand Prix level. She is also the mother of 1.60m jumping Bretling du Paradis Z under Belgium's Rik Hemeryk and Jos Verlooy's upcoming star Next Funky

Millfield Cascento

Stunning Casall colt out of superstar 1.60m mare Centolove

This colt is the direct son of Centolove, a daughter of Cento who performed at the highest level with Graham Lovegrove. She also has a pedigree to match with uterine siblings Gratinue and Elan Blue Z performing at 1.45m and 1.50m respectively. Most significantly she has already proven herself as an outstanding dam, with two progeny already performing at 1.60m level in Chacenny with Germany's Zoe Osterhoff and Chaccoto with

Angelique Hoorn of the Netherlands. The sire of this colt is none other than Rolf Goran Bengtsson's Casall Ask. One of the World's top performing sires, in 2009, he achieved wins at Oslo, Odense, and Stockholm Grand Prix. In 2010 he won top level competitions in Rotterdam, Falsterbo, and s'Hertogenbosch. Also in 2011, Casall proved a highly impressive performer and completed his streak of success by winning the Hamburg and Monte Carlo legs of the Global

Champions Tour and the world cup jumping in Lyon. The 2013 season was crowned by the Herning (DK) European championships where he won team bronze with the Swedish team. Following an outstanding performance throughout the championship under his constant rider Rolf-Göran Bengtsson, he finished fourth individually thus becoming the show's best breeding stallion. He records 281 approved sons, 79 offspring jumping at 1.60 level,

LOT #18

Call Me Darco WS Z

Out of the sister of RMF Echo, already half-brother to two 1.45m horses.

This colt is out of Havana de Laubry, a Darco mare that has already proven herself as a top dam having produced both Zadora de Laubry and Enzo de Laubry competing at 1.45m Grand Prix level. She is also uterine sister to three 1.60m performers; RMF Echo the CSI 5* ride of both Denis Lynch and latterly William Whitaker, who consistently scored podium places in both GCTs and CSI 5* Grand Prixes around the world; Viking D, the former ride of

Aniek Poels, and latterly Qatar's Nasser Al Ghazali; and finally Cleopatra VI, the CSI 5* ride of Monika Martini. Her pedigree is full of top performers, with another full brother Idefix jumping at 1.50m level, and Sea Coast Pebbles a daughter of one of her sisters jumping 1.65m, with 1.60m performers Aristo Z and Vicomte D also being close relations. Comilfo Plus Z is a modern son of Comme Il Faut, with extraordinary scope, explosive power, perfect

technique, and easy rideability. He is light on the ground, quick in the air, and is a compact model. He started his career under Christian Ahlmann, finishing 5th at the World Championships as a six-year-old. He then competed under Judy-Ann Melchoir, before returning to Christian, who was campaigning him successfully at 1.45m before an injury finished his sporting career. Comilfo's first crop were very impressive at the 4-year-old

RHS Legacy

Stunning colt out of top 1.60m mare Beat Me, full sister of Darry Lou!

This stunning bay colt has a family that most can only dream of! His father is the renowned stallion Carrera VDL who needs no introduction as a top performer and even more, a top producer. But most interestingly RSH Legacy's mother line is something very special!

He is a direct son of 1:55m winner "Beat Me" who combines the blood of Tangelo and Nabab de Reve. She is

a full sister to 1:70m Grand Prix super star Darry Lou who has performed at the highest level including Nations Cups with both Beezie Madden and Harrie Smolders.

She is also a top proven broodmare as she is the dam to KWPN champion stallion and 1:60m jumper F One USA, the top ride of Ben Maher and more recently Lorenzo de Luca who has had numerous top results at CSI 5* level including many GCT podium results.

Beat Me's much younger brother Thor Z was an auction topper at the Z auction 2 years ago selling at an impressive 127 thousand Euros as a foal, the highest priced jumping foal auctioned at that time. Beat Me is also the dam to 4yo up and coming star, approved stallion Class Act who has been used this year by many professionals in the UK.

Carrera VDL shone under Jur Vrieling with whom he was successful

LOT #23

Contiki WY

Comme il faut colt out of Geena van't Roosakker; producer of 2 x 1.60 horses and from the legendary Roosakker family!

Contiki WY is a spectacular blood made colt from the prolific sire 'Comme il Faut' who made huge impressions at major championships under the saddle of Germanys Marcus Ehning. Comme il faut himself needs no introduction but perhaps even less so, do his parents. Sired by the legend Cornet Obolensky and out of Double Olympic Gold medal winner Ratina Z; Comme il faut's quality speaks for itself.

Contiki WY's mother is none less

than Geena Van't Roosakker. Geena is a direct daughter of the Grand Prix winning Babbe van 't Roosakker (1.60m) who is sister to the 5* Grand Prix winning mare Cella (1.70) under the saddle of Ben Maher and a daughter of the unparalleled Usha van't Roosakker who was again highly successful under Marlon Zanotelli. Geena is a sister to the stallion Erco van't Roosakker (1.60) of Lorenzo de Luca, Bingo of Kristen Coe and Michel Hecart and Giorgio van't Hagenhof

of Quentin Judge and Khaled Al Eid. Another brother of Geena is the competitive 1.60m performer Dulhan de la Roque of Reynald Angot and Michel Hecart.

Geena herself was an extremely successful sport horse under Janika Sprunger and Hans Dieter Dreher coming 2nd in the Ascona Grand Prix. Geena ticks all the boxes, having competed at high level herself (1.55), descending from a proven family and having produced top 1.60m Grand Prix

Quick Step HF

Athletic Conthargos colt out of 1.45m performing dam

This stunning colt with elastic movement and paces is out of the 1.45m mare Tilla Flamenco by world famous stallion Je T'Aime Flamenco. This is the first offspring from this relatively young mare who has already gained great success in the show ring. She was ranked in the world's top ten of seven year old show jumpers in 2019. She

also won the French seven year old Championship in Cagnes scooping a £20,000 prize. She successfully competed throughout Europe and then went to Florida with her rider Emily Ward to compete in Wellington Equestrian Festival where she stepped up to 1.45m level at the age of eight. Tilla Flamenco's dam, Patilla also jumped up to 1.40m with

Stephanie Platts and Ronny Healy. Conthargos is a prolific sire, in fact one of the most popular in Europe at this time, with a list of progenies that decorates the winners lists at the very top of the sport, including Ben Maher's Nation's Cup winning ride and 1.65 performer, Concona, Conchento PS (Luciana Diniz), and Cosa Nostra who jumped the Tokyo

3. PARTICIPATION IN THE AUCTION

- 3.1. For the upcoming Bolesworth Elite Foal Auction on Friday 12th August, there are three ways in which you can bid:

2) Telephone

At the time of the registration, all the questions asked in the Registration Form have to be duly and correctly answered. This also results in a contract of use with the operator of the online platform.

- 3.2. To be able to bid online at the Auction, a potential Purchaser may be requested by BEA to pay a deposit. In this case, the potential Purchaser must satisfy this deposit request before the Purchaser is approved to participate in the Auction. If this is a requirement the Purchaser will be notified at time of registration.
- 3.3. A registration can be deleted at any time without giving reasons; in this case, all registered data will be permanently deleted, as long as it is not necessary for an ongoing bidding process or the processing of a purchase that has already taken place. In this case, the deletion will only take place when it is definitely concluded the data is not needed.

- 3.4. Each user can only register once and the registration cannot be transferred.

4. INFORMATION ABOUT AND HOW TO CONTACT BEA

- 4.1. For Lots sold at the Auction, which is public, the contract of sale will be with the Vendor.

5. DESCRIPTION OF A LOT

- 5.1. Lots may vary slightly from the pictures and videos displayed. The images and videos of the Lot on the website and social media channels are supplied for the Owner. Although BEA have made every effort to display the pictures and videos of the Lots accurately, BEA cannot guarantee that a device's display of a picture or video or that the picture or video itself accurately reflects how the Lot looks or moves in the case of video.

- 5.2. BEA shall not be liable or responsible for the accuracy of any information set out online concerning a Lot listed for sale or for any description, pedigree or warranty expressed or implied on its behalf, such information being supplied by the Owner who alone is responsible for its accuracy. The Owner shall at all times indemnify BEA in respect of such information supplied.
- 5.3. BEA will endeavour to have all online information correctly stated, but the Owner is responsible for the correction of any error or omission. It shall be the duty of the Owner to ensure that the Lot is properly described as set out online. In the event of any dispute as to the description or information of a Lot, the Purchaser's remedy shall be against the Vendor and the Vendor's remedy shall be against the Owner.
- 5.4. Other than the warranty provided at clause 5.5 below, no representation is made as regards suitability for a specific purpose unless a clear statement is made to this effect in the description of that specific Lot. Where additional information is provided by description this is intended to be a guide and is not a statement amounting to suitability for any specific purpose or a guarantee.

The Purchaser must notify the Vendor in writing, within fourteen days from the last day of the Auction at which the Lot was purchased, specifying the exact nature of the complaint in respect of the Lot purchased. Failure to so notify the Vendor shall defeat any right or remedy the Purchaser may otherwise have pursuant to these conditions or otherwise. The Vendor shall then nominate a Veterinary Surgeon or other expert to investigate the Purchaser's contention and the decision of such Veterinary Surgeon or expert shall be binding on Vendor, Owner and Purchaser. In the event that a Lot is returnable by reason of the matters arising herein, the Owner shall pay to the Vendor the cost who will then pay to the Purchaser of returning the Lot and the amount of any payment under this Condition payable to the Purchaser shall be fixed by the Vendor whose decision shall be final and binding on all parties.

- 5.6. Should any dispute arise between an Owner, the Vendor and a Purchaser as to any of the matters referred to in the Condition 5.5 hereof, it shall be adjudicated upon by the Vendor at such time and in such manner as BEA in their absolute discretion shall think fit and their decision shall be final and binding on all parties. - 7.8. On the fall of the hammer the highest bidder shall be contacted by BEA to confirm full name, address and invoice details, the details of which will require to be received by BEA no later than 12 noon GMT on Saturday 13th August 2022.
- 7.9. The highest bidder should arrange payment in full so cleared funds are received no later than 12 noon GMT on Monday 15th August 2022. Proof of transfer is also accepted.
- 7.10. Should the successful bidder not provide:
 - i) Name, address for invoicing by 12 noon GMT on Saturday 13th August 2022, or

Should such an incident occur the original bidder will be required to make up the difference between the hammer price and that of the second highest bidder.

- 7.11. In the event of a defaulting Purchaser, BEA shall not be held liable or responsible for any deficiency which may arise on the resale of an uncleared Lot. - 7.14. Payment to Owners or their authorised Agents, will be made 30 days after the Auction in respect of those Lots where payment has been received from the Purchaser, so long as the horse has been delivered. If the foal is not delivered immediately (e.g. due to weaning) the payment will be made within 30 days after ownership is transferred. In the event of a defaulting Purchaser, the Vendor shall not be held liable or responsible for any

deficiency which may arise on the resale of an uncleared Lot. The Vendor shall use their best endeavours at all times to ensure the completion of a purchase to the mutual benefit of the Owner and Purchaser. The Vendor shall in their absolute discretion decide the terms and conditions under which a Purchaser shall discharge their payment for any Lot purchased. In the event that the Vendor is for any reason unable to secure payment from the Purchaser then the Vendor shall not be held liable by the Owner for the purchase money or any part thereof.

8. PROVISION OF THE HORSE

BEA facilitates the sale of Lots on both recipient and real mares. The brochure highlights the Owners intention toward the mare at the fall of the hammer for each lot – whether they will take the responsibility for the foal and mare, or the purchaser will.

Purchaser to take the Mare: The mare and foal become the responsibility of the Purchaser at the fall of the hammer. Following proof of payment, the foal will transfer ownership to the Purchasers and it will be the responsibility of the Purchaser to arrange transport for both mare and foal from the auction to the Purchasers desired location.

The Purchaser is required to return the recipient mare to the Vendor following the weaning of the foal. The Purchaser is liable to cover the cost of transport up to £500 to return the recipient mare to a place designated by the Owner. The Owner is to cover any shortfall in transport costs.

Insurance of the mare is at the discretion of the Purchaser up until the safe return of the mare.

In the event of loss or injury to the mare during this period, the Purchaser is liable for all vets' fees incurred, and in the case of the death of the mare the Purchaser is liable to pay £2,000 compensation to the Owner.

Owner to take the Mare: Both mare and foal will stay in the ownership and care of the Owner and will be the responsibility of the Owner to arrange transport from the auction back to the Owner and at their own discretion.

Following weaning, proof of payment by the Purchaser and on signing a form agreeing the foals condition allowing the release of funds to the Owner, the Purchaser is able to arrange transport for the collection of the foal. The Purchaser is liable to cover the cost of transport.

Transfer of ownership occurs at the point of delivery at which insurance of the foal will become the responsibility of the Purchaser. Until this point, insurance is the responsibility of the Owner and is at the Owners risk.

BEA also facilitates the sale of embryos. The Owner of the recipient mare will provide proof of a 42-day scan undertaken by an expert veterinary surgeon. Following the fall of the hammer, the respective processes occur when an embryo Lot is sold:

Embryos: The surrogate mare that is bearing the embryo becomes the responsibility of the Purchaser at the fall of the hammer. Following proof of payment, the Purchaser will be required to arrange transport for the surrogate mare from its current location to the Purchasers desired location. The Purchaser is liable to cover the cost of transport up to £500 to collect the surrogate mare, the Owner is to cover any shortfall in transport costs.

The Purchaser is required to return the surrogate mare to the Owner following the weaning of the foal, no later than 6 months after the birth of the foal. The surrogate mare must be returned in good health, dewormed, and vaccinated.

The Purchaser is liable to cover the cost of transport up to £500 to return the surrogate mare to a place designated by the Owner. The Owner is to cover any shortfall in transport costs.

Insurance of the surrogate mare and the in-utero embryo are both at the discretion of the Purchaser up until the safe return of the surrogate mare. BEA is not liable for any subsequent loss of in utero embryo or subsequently the foal, after the fall of the hammer.

In the event of loss or injury to the surrogate mare during this period, the purchaser is liable for all vets' fees incurred, and in the case of the death of a recipient mare for between to £2,000 compensation.

DISPUTES

Subject to the foregoing Conditions, the Vendor shall use their best endeavours to act to the mutual benefit of both Owner and Purchaser. In the event that any dispute arises for whatever reason as between the Owner and the Purchaser, then the Vendor, the Owner and the Purchaser shall be bound by these Conditions of Sale. The Vendor shall not be liable to the Purchaser or to the Owner in any manner howsoever arising

from the sale of any Lot and in the event of any dispute arising in relation to any Lot, the Owner's remedy shall be against the Purchaser and the Purchaser's remedy shall be against the Owner. In the event that a dispute arises as between Owner and Purchaser in respect of any Lot before the Vendor has paid over any purchase money, BEA on being notified of the said complaint and dispute between the parties, shall lodge any purchase money in their possession in a bank Account until such time as the dispute is resolved as between the Owner and Purchaser they both acknowledging to BEA that the matter has been so resolved. It shall be the obligation of the Purchaser to pursue the resolution of the dispute and in default of prosecution of same, BEA, on notice to the Purchaser, be at liberty to pay out to the Owner any money that was withheld on foot of the Purchaser's complaint and shall do so unless the Owner produces evidence to BEA that legal proceedings have been commenced. In the event that a Owner or Purchaser initiates legal proceedings, BEA shall be bound by these Conditions of Sale and by any Order of Court in relation to the matter.
